The test server will be provided at the expense of the vendor. The vendor will migrate the content outlined by the Project Manager from the existing website to this new installation. The existing website utilizes the Drupal 6 CMS and is hosted at <http://www.somervillema.gov>, and the vendor will stand up the new site in either Drupal 7 or 8 in consultation with the project manager, after it is determined which release is deemed most stable and advantageous at the time of migration.**
